Tora Digda Kristiawan

Student at Politeknik Negeri Malang | full stack developer Enthusiast
Sidoarjo, East Java, Indonesia

Summary

Hello, I am a Full-Stack Developer currently focused on honing my skills in Front-End and Back-End Development. I am passionate about modern web development, with expertise in building responsive user interfaces and efficient back-end systems.

In addition, I have a deep interest in 2D Art for game development, particularly in creating captivating visual assets that enhance immersive gameplay experiences.

I am always open to collaboration and exploring new opportunities in both web development and game creation. With a blend of technical proficiency and creativity, I am committed to delivering high-quality contributions to every project I take on.
